Forensic Expert Witness Association

"An Association of Consultants Providing Forensic Services"

Founded in California in 1994, the Forensic Expert Witness Association brought together a diverse group of professionals. By 2012, FEWA evolved into a national association dedicated to the professional development, ethics and promotion of forensic consultants with 10 chapters in San Diego, Orange County, Los Angeles, San Francisco, Sacramento, Arizona, Dallas, Houston, Chicago and Florida.

One of the main goals of the association is the education of its members. Each member is given the opportunity to enhance their knowledge and techniques, so that they can better perform in an effective manner. The association has adopted a code of ethics, which all their members must maintain. This ensures that the members of the association and the association itself are viewed with the utmost professionalism.

For more information or to view their directory of experts, please visit www.forensic.org.
